Sub: Post EC Compliance Report for Period of April to September 2020 of our Residential at S.NO.47/1+ 48/C/2+ 48/C/3+ 48/C/4, Village Mundhwa, Tal. Haveli, Pune, Maharashtra being developed by Kumar Company.

Ref.: Environmental Clearance Letter No. SEIAA-EC-0000001475 dated 23rd April, 2019.

Dear Sir/Madam

As per the condition laid down in the Environmental Clearance Letter, we are submitting herewith post EC compliance report of our Residential project for period of April to September 2020.

Hope this is in line with your requirement.

Thanking you.

Sandeep

TABLE OF CONTENTS

Sections	Particulars
Section 1	Purpose of the Report
Section 2	Project Details
Section 3	Present Site Conditions
Section 4	Post Environment Clearance Compliance Report
Section 5	Monitoring and Analysis

LIST OF ANNEXURES

Annexures	Particulars
Annexure 1	Environment Clearance Letter-2019
Annexure 2	Acknowledgement copy of reply to specific condition
Annexure 3	Consent to Establish Copy
Annexure 4	Budgetary provision for EMP
Annexure 5	Advertisement Copy
Annexure 6	Acknowledgement of EC submission copy to Local Authority
Annexure 7	Previously submitted Six Monthly Compliance report Acknowledgement copies
Annexure 8	Copy of Submitted Environmental Statement for financial year April 2019 to March 2020

Section1: Purpose of the Report

As per the ‘Sub Para (i)’ of ‘Para 10’ of EIA Notification 2006 and Condition mentioned General condition for construction phase in Sr. No. XLI and LIII of Environmental Clearance (EC) letter dated 23rd April 2019 (**Annexure 1**), it is mandatory to submit six monthly compliance report to show the status & compliance of all the conditions mentioned in EC letter, along with monitoring of various environmental parameters. Therefore, based on the general conditions mentioned in EC letter detail compliance report is prepared.

Section 2: Project Details

Kumar Properties and Developers LLP is proposing residential project at S.NO.47/1+48/C/2+48/C/3+48/C/4 Mundhwa, Pune. Maharashtra. Project is designed as self-sufficient establishment wherein infrastructure facilities such as water supply, power supply and communication facilities are proposed. Further the project proponent has made provision for waste collection and disposal, rain water harvesting and sewage treatment to ensure that project is environment friendly. The project proponent also proposes arrangement for safety, maintenance and security of residents. The main features of the project are as follows.

Sr. No.	Particulars	Details	
1	Total Plot Area (As per EC)	22,900 Sq.m	
2	Net Plot Area	17052.94 Sq.m	
3	Proposed FSI area	46081.41 Sq.m	
4	Proposed Non FSI area	30986.31 Sq.m	
5	Construction BUA (FSI + Non FSI)	77067.72 Sq.m	
6	No. of buildings	Building Name & number	Number of floors
		2 Buildings	2B + P + 30 floors
		1 Buildings	2B + P + 22 floors
7	No. of Tenements & Shops	Total No. of Flats: 723 Nos.	
8	Expected No. of residents/users	Total - 3615	
9	Total Water Requirement	499 m ³ /day	
10	Recycled Water Requirement (For Flushing & Landscaping)	Flushing: 163 m ³ /day Landscaping: 11 m ³ /day	
11	Sewage Generation	439 m ³ /day	
12	No. & Capacity of STP	1 STP of 440 KLD	
13	Solid Waste Generation	Non-Bio-degradable Waste: 651 kg/day Bio-degradable Waste: 976 kg/day STP Sludge: 9 kg/day (dry)	

14	Energy Demand	<p>During Construction phase: Demand load: 116 KVA DG Set: 1 no. of 150 KVA</p> <p>During Operation phase: Connected Load: 1698 kW Demand Load: 1358 KW DG sets: 1 x 500 kVA Transformer: 3 x 630 kVA ,1 x 315 KVA</p>
----	---------------	--

Section 3: Present Site Conditions

Excavation started at site.

Section 4: Post Environment Clearance Compliance Report

Sr. No.	EC Conditions	Compliance Status
Specific Conditions		
I	PP to incorporate asset creation activities in CER	We had modified CER with assets creating activities and uploaded it on ec-MPCB portal on 26.02.2019. Same was presented in 83 rd SEAC - 3 meeting on 13.03.2019 Acknowledgement copy of reply to specific condition is submitted to Environment department and copy of it is attached as Annexure 2
II	PP to submit following NOCs : (a) Water supply, (b) CFO, (c) Garden NOC.	We had uploaded copies of water supply & CFO NOC on ec-MPCB portal on 26.02.2019. Garden NOC uploaded on ECMPCB site on 17 th May 2019. Same was presented in 83 rd SEAC -3 meeting on 13.03.2019
III	PP informed that they have submitted plan to PMC for approval, however the same will be routed through process of PMAY, after which approval will be received. PP to expedite the same.	We had uploaded copies of sanction plan on ec-MPCB portal on 26.02.2019. Same was presented in 83 rd SEAC - 3 meeting on 13.03.2019

Six Monthly Compliance Report of Kumar Properties and Developers LLP

IV	PP to submit details of STP.	We uploaded details of STP plan on ec-MPCB portal on 26.02.2019. and submitted the same in 83 rd SEAC -3 meeting on 13.03.2019
V	PP to submit revised CER by replacing activity of hyacinth removal from river with other asset creation activity like provision of solar lights etc.	As per committee suggestion given in 83 rd SEAC -3 meeting we have replaced hyacinth removal activity CER and uploaded the revised CER on ec-MPCB portal on 11.04.2019. The same was presented in 164 th SEIAA meeting on 12.04.2019.
VI	PP to submit Disaster management Plan.	We had uploaded the Disaster management Plan on ec-MPCB portal on 11.04.2019. Same was presented in 164 th SEIAA meeting on 12.04.2019
VII	PP Shall comply with Standard EC conditions mentioned in the Office Memorandum issued by MoEF & CC vide F.No.22-34/2018-IA.III dt.04.01.2019	We will comply with Standard EC conditions mentioned in the Office Memorandum issued by MoEF & CC vide F.No.22-34/2018-IA.III dt.04.01.2019
VIII	PP to upload revised calculations of evacuation time as presently it shown 25 min.	We had uploaded the revised evacuation calculation on ec-MPCB portal on 15.04.2019 after 164 th SEIAA meeting.
IX	SEIAA decided to grant EC for: FSI: 46081.41 m2, Non FSI: 30986.31 m2 & Total BUA:77067.72 m2. (IOD no. CC/3448/18 DPO/Zone No.4 Approval Date- 04.02.2019	Condition noted and we are agreed to the same.
General Conditions		
I.	E-waste shall be disposed through Authorized vendor as per E-waste (Management and Handling) Rules, 2016.	Condition Noted.
II.	Occupation certificate shall be issued by the Local Planning Authority only after ensuring sustained availability of drinking water, connectivity of sewer line to the project site and proper disposal of treated water as per environmental norms.	Condition Noted.

Six Monthly Compliance Report of Kumar Properties and Developers LLP

III.	This environmental clearance is issued subject to obtaining NOC from Forestry & Wild life angle including clearance from the standing committee of the National Board for Wild life as if applicable & this environment clearance does not necessarily implies that Forestry & Wild life clearance granted to the project which will be considered separately on merit.	No NOC is required from the Forestry & Wildlife board as there is no forest land in the vicinity.
IV.	PP has to abide by the conditions stipulated by SEAC & SEIAA.	Condition is noted.
V.	The height, construction built up area of proposed construction shall be in accordance with the existing FSI/FAR norms of the urban local body & it should ensure the same along with survey number before approving layout plan & before according commencement certificate to proposed work. Plan approving authority should also ensure the zoning permissibility for the proposed project as per the approved development plan of the area.	The height, Construction built up area of proposed construction is in accordance with the existing FSI/FAR norms of the urban local body. Proposed project is in the residential zone as per the approved development plan of the area.
VI.	If applicable Consent for Establishment" shall be obtained from Maharashtra Pollution Control Board under Air and Water Act and a copy shall be submitted to the Environment department before start of any construction work at the site.	'Consent for Establishment' is obtained from Maharashtra Pollution Control Board having Consent order No. Format1.0/BO/JD (WPC) /UAN-072724/CE/CC-1909000 411 dated 13.09.2019. Copy of same is attached as Annexure 3 .
VII.	All required sanitary and hygienic measures should be in place before starting construction activities and to be maintained throughout the construction phase.	Sanitary facilities such as toilets for ladies and Gents will be provided on site and water for drinking purpose will be provided on site.
VIII.	Adequate drinking water and sanitary facilities should be provided for construction workers at the site. Provision should be made for mobile toilets. The safe disposal of waste water and solid wastes generated during the construction phase should be ensured.	Drinking water will be provided for labourers on site, Waste water generated will be disposed of through urinals connected with septic tank, Solid waste generated will be treated in OWC present on site.

Six Monthly Compliance Report of Kumar Properties and Developers LLP

IX.	The solid waste generated should be properly collected and segregated. Dry/inert solid waste should be disposed off to the approved sites for land filling after recovering recyclable material.	The solid waste will be segregated and recyclable material will be sold to recyclers and inert material will be used for site leveling.
X.	Disposal of muck during construction phase should not create any adverse effect on the neighboring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in approved site with approval of competent authority.	All construction waste will be collected and segregated properly at site and most of it will be reused for construction activity and we will ensure that no neighboring community will get affected.
XI.	Arrangement shall be made that waste water and storm water do not get mixed.	Arrangement will be made that waste water and storm water will not get mixed.
XII.	All the topsoil excavated during construction activities should be stored for use in horticulture/ landscape development within the project site.	We will use top soil for landscape development.
XIII.	Additional soil for leveling of the proposed site shall be generated within the sites (to the extent possible) so that natural drainage system of the area is protected and improved.	Construction debris will be used for base preparation of the road and for site leveling.
XIV.	Green Belt Development shall be carried out considering CPCB guidelines including selection of plant species and in consultation with the local DFO/ Agriculture Dept.	Condition noted
XV.	Soil & Ground water samples will be tested to ascertain that there is no threat to ground water quality by leaching of heavy metals and other toxic contaminants.	Due to Pandemic Covid 19 and subsequent lockdown situation from March to May 2020 followed by monsoon season from June to September 2020, we were unable to do Monitoring for this six monthly compliance period i.e April 2020 to September 2020. From next six monthly compliance submission we will submit the monitoring reports.

Six Monthly Compliance Report of Kumar Properties and Developers LLP

XVI.	Construction spoils, including bituminous material and other hazardous materials must not be allowed to contaminate water courses and the dumpsites for such material must be secured so that they should not leach into the ground water.	We will take proper measures during construction activity to avoid contamination of water courses. No bituminous material will be used in construction.
XVII.	Any hazardous waste generated during construction phase should be disposed off as per applicable rules & norms with necessary approvals of the Maharashtra Pollution Control Board.	Used oil generated at site will be disposed of through MPCB authorized vendors.
XVIII.	The diesel generator sets to be used during construction phase should be low sulphur diesel type and should conform to Environment (Protection) Rules prescribed for air and noise emission standards.	We will use low sulphur diesel type DG during construction phase and it will conform to Environment (Protection) rules prescribed for Air and Noise emission standards.
XIX.	The diesel required for operating DG sets shall be stored in underground tanks and if required, clearance from concern authority shall be taken.	We will be using DG set only during power failure and hence not much diesel will be stored at site.
XX.	Vehicles hired for bringing construction material to the site should be in good condition and should have a pollution check certificate and should conform to applicable air and noise emission standards and should be operated only during non-peak hours.	Construction vehicles will be checked for PUC certificate before entry.
XXI.	Ambient noise levels should conform to residential standards both during day and night. Incremental pollution loads on the ambient air and noise quality should be closely monitored during construction phase. Adequate measures should be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB/MPCB.	Care will be taken to maintain the noise level within limits at site. Construction activities will be limited to daytime only. Noise shields will be provided for heavy construction equipment's. PPE will also be provided to labours
XXII.	Fly ash should be used as building material in the construction as per the provisions of Fly ash Notification of September 1999 and amended as on 27 th August, 2003. (The above condition is applicable only if the project site is located within the 100 km of Thermal Power Stations).	Noted
XXIII.	Ready mixed concrete must be used in building construction.	We will use Ready mixed concrete in building construction.

Six Monthly Compliance Report of Kumar Properties and Developers LLP

XXIV.	Storm water control and its re-use as per CGWB and BIS standards for various applications.	Condition is noted
XXV.	Water demand during construction should be reduced by use of premixed concrete, curing agents and other best practices referred.	Gunny bags will be wrapped on columns and ponding will be done to reduce water usage for curing. Pre mixed concrete will be used.
XXVI.	The ground water level and its quality should be monitored regularly in consultation with Ground Water Authority.	Condition is noted
XXVII.	The installation of the Sewage Treatment Plant (STP) should be certified by an independent expert and a report in this regard should be submitted to the Ministry before the project is commissioned for operation. Discharge of this unused treated effluent, if any should be discharge in sewer line. Treated effluent emanating from STP shall be recycled /refused to the maximum extent possible. Treatment of 100% gray water by decentralized treatment should be done. Necessary measures should be made to mitigate the odor problem from STP	Condition is noted.
XXVIII.	Permission to draw ground Water shall be obtained from the competent Authority prior to construction/operation of the project.	Permission to draw ground water shall be obtained from the competent authority if required.
XIX.	Separation of gray and black water should be done by the use of dual plumbing line for separation of gray and black water.	Dual plumbing will be provided in buildings.
XXX.	Fixtures for showers, toilet flushing and drinking should be of low flow either by use of aerators or pressure reducing devices or sensor-based control.	We will be using low flow fixtures in toilets to minimize wastage of water.
XXXI.	Use of glass may be reduced up to 40% to reduce the electricity consumption and load on air conditioning. If necessary, use high quality double glass with special reflective coating in windows.	Condition is noted.
XXXII.	Roof should meet prescriptive requirement as per Energy Conservation Building Code by using appropriate thermal insulation material to fulfill requirement.	Condition is noted.
XXXIII.	Energy conservation measures like installation of CFLs/TFLs for the lighting the areas outside the building should be integral part of the project	Condition is noted. We have proposed Solar Street lights, solar water heating and Solar

Six Monthly Compliance Report of Kumar Properties and Developers LLP

	design and should be in place before project commissioning. Use CFLs and TFLs should be properly collected and disposed off/sent for recycling as per the prevailing guidelines/rules of the regulatory authority to avoid mercury contamination. Use of solar panels maybe done to the extent possible like installing solar street-lights, common solar water heaters system. Project proponent should install, after checking feasibility, solar plus hybrid non-conventional energy source as source of energy.	PV panels. We will adopt energy conservation measures.
XXXIV.	Diesel power generating sets proposed as source of backup power for elevators and common area illumination during operation phase should be of enclosed type and conform to rules made under the Environment (Protection) Act. 1986, The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use low sulphur diesel. The location of the DG sets may be decided with in consultation with Maharashtra Pollution Control Board.	01 DG set of capacity 500 KVA, will be provided for power back up. DG set will be provided with silencer and acoustic enclosure. Stack height will as per MPCB norms.
XXXV.	Noise should be controlled by ensure that it does not exceed the prescribed standards. During nighttime the noise levels measured at the boundary of the building shall be restricted to the permissible levels to comply with the prevalent regulations.	Yes, we will maintain noise level as per standards norms.
XXXVI.	Traffic congestion near the entry and exit points from the roads adjoining the proposed project Site must be avoided. Parking should be fully internalized and no public space should be utilized.	Condition is noted
XXXVII.	Opaque wall should meet prescriptive requirement as per energy Conservation Building Code, which is proposed to be mandatory for all air-conditioned spaces while it is aspirational for non-air-conditioned spaces by use of appropriate thermal insulation material to fulfill requirement.	Condition is noted.
XXXVIII.	The building should have adequate distance between them to allow movement of fresh air and passage of natural light, air and ventilation.	Required distance has been maintained as per DCR and approved by local authority.
XXXIX.	Regular supervision of the above and other measures for monitoring should be in place all through the construction phase, so as to avoid disturbance to the surroundings.	Dedicated site engineer and supervisory staff is appointed to take care of the monitoring and overall implementation.
XL.	Under the provisions of Environment (Protection) Act. 1986 legal action shall be initiated against the project proponent if it was found that construction	Condition is noted

Six Monthly Compliance Report of Kumar Properties and Developers LLP

	of the project has been started without obtaining Environmental clearance.	
XL I.	Six monthly monitoring reports should be submitted to the Regional Office MoEF, Bhopal, with copy to this department and MPCB.	RO shifted to Nagpur hence we will submit to Nagpur.
XLII.	Project proponent shall ensure completion of STP, MSW disposal facility, greenbelt development prior to occupation of the buildings. No physical occupation or allotment will be given unless all above said environmental infrastructure is installed and made functional including water requirement in Para 2. Prior certification from appropriate authority shall be obtained.	Condition is noted
XLIII.	Wet garbage should be treated by Organic Waste Converter and treated waste (manure) should be utilized in the existing premises for gardening, and no wet garbage will be disposed outside the premises. Local authority should ensure this.	Condition is noted
XLIV.	Local body should ensure that no occupation certification is issued prior to operation of STP/MSW site etc. with due permission of MPCB.	Condition is noted.
XLV.	A complete set of all the documents submitted to Department should be forwarded to the MPCB.	Condition is noted.
XLVI.	In the case of any change(S) in the scope of the project. The project would require a fresh appraisal by this Department.	In case we will cross BUA given in the EC we will take prior revised EC
XLVII.	A separate environment management cell with qualified staff shall be set up for implementation of the stipulated environmental safeguards.	Environment Management cell is prepared for implementation of the environmental safeguards.
XLVIII.	Separate funds shall be allocated for implementation of environmental protection measures/EMP along with item-wise breaks-up. These costs shall be included is part of the project cost. The funds earmarked for the environment protection measures shall not be diverted for other purposes and year-wise expenditure should reported to the MPCB & this department.	Separate funds have been allocated for implementation of environmental protection measures/EMP, copy of same is attached as Annexure 4
XLIX.	The project management shall advertise at least in Two local newspapers widely, circulated in the region around the project, one of which shall be in the Marathi language of the local concerned within seven days of issue of this letter informing that the project has been accorded environmental clearance	Advertisement was published in Marathi and English Newspaper. The copy of same is attached as Annexure 5.

Six Monthly Compliance Report of Kumar Properties and Developers LLP

	and copies of clearance letter are available with the Maharashtra Pollution Control Board and may also be seen at Website at http://ec.maharashtra.gov.in	
L	Project management should submit half yearly compliance reports in respect of the stipulated prior environment clearance terms and conditions in hard & soft copies to the MPCB & this department on 1 st June & 1st December of each calendar year.	New norms as per RO being followed.
LI	A copy of the clearance letter shall be sent by proponent to the concerned Municipal Corporation and the local NGO, if any, from whom suggestions/representations. If any, were received while processing the proposal. The clearance letter shall also be put on the website of the Company by the proponent.	A copy of Environment clearance letter is submitted to Municipal Corporation. Copy of same is attached as Annexure 6.
LII	The proponent shall upload the Status of compliance of the stipulated EC conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB. The criteria pollutant levels namely; SPM, RSPM. SO, NOx (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the project shall be monitored and displayed at a Convenient location near the main gate of the company in the public domain.	Condition is noted.
LIII	The project proponent shall also submit six monthly reports on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB.	Yes, we are complying this. Previously submitted six monthly report acknowledgement copies are attached as Annexure 7.
LIV	The environmental statement for each financial year ending 31 st March in Form-V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently shall also be put on the website of the company along with the status of compliance of EC conditions and shall also be sent to the respective Regional Offices of MoEF by e-mail.	We have submitted Environmental Statement for financial year April 2019 to March 2020 having UAN no.-MPCB-ENVIRONMENT_STATEMENT-0000028528 dated 29-09-2020. Copy of same is attached as Annexure 8

Six Monthly Compliance Report of Kumar Properties and Developers LLP

4	The environmental clearance is being issued without prejudice to the action initiated under EP Act or any court case pending in the court of law and it does not mean that project proponent has not violated any environmental laws in the past and whatever decision under EP Act or of the Hon'ble court will be binding on the project proponent. Hence this clearance does not give immunity to the project proponent in the case filed against him, if any or action initiated under EP Act.	Condition is noted.
5	In case of submission of false document and non-compliance of stipulated conditions, Authority/ Environment Department will revoke or suspend the Environmental Clearance without any intimation and initiate appropriate legal action under Environmental Protection Act, 1986.	Condition is noted.
6	The Environment department reserves the right to add any stringent condition or to revoke the clearance if conditions stipulated are not implemented to the satisfaction of the department or for that matter, for any other administrative reason.	Condition is noted.
7	Validity of Environment Clearance: The environmental clearance accorded shall be valid for a period of 7 years as per MoEF& CC notification dated 29 th April 2015.	Condition is noted.
8	In case of any deviation or alteration in the project proposed from those submitted to this department for clearance, a fresh reference should be made to the department to assess the adequacy of the condition(s) imposed and to incorporate additional environmental protection measures required, if any.	Condition is noted.
9	The above stipulations would be enforced among others under the Water (Prevention and Control of Pollution) Act. 1974, the Air (Prevention and Control of Pollution) Act. 1981. The Environment (Protection) Act. 1986 and rules there under. Hazardous Wastes (Management and Handling) Rules. 1989 and its amendments, the public liability Insurance Act, 1991 and its amendments.	Condition is noted.
10	Any appeal against this environmental clearance shall lie with the National Green Tribunal, Van Vigyan Bhawan, Sec-5, R.K. Puram, New Delhi-110 022. If any preferred within 30 days as prescribed under Section 16of the National Green Tribunal Act, 2010	Condition is noted.

Section 5: Monitoring and Analysis

Due to Pandemic Covid 19 and subsequent lockdown situation from March to May 2020 followed by monsoon season from June to September 2020, we were unable to do Monitoring for this six monthly compliance period i.e April 2020 to September 2020. From next six monthly compliance submission we will submit the monitoring reports.

STATE LEVEL ENVIRONMENT IMPACT ASSESSMENT AUTHORITY

Environment department,

To,
Kumar Properties and Developers LLP
at S. no. 47/1 + 48/C/2 + 48/C/3 + 48/C/4

Subject: Environment Clearance for Proposed Residential project at S. no. 47/1 + 48/C/2 + 48/C/3 + 48/C/4
Mundhwa, Pune

Sir,

This has reference to your communication on the above mentioned subject. The proposal was considered as per the EIA Notification - 2006, by the State Level Expert Appraisal Committee-III, Maharashtra in its 83rd meeting and recommend the project for prior environmental clearance to SEIAA. Information submitted by you has been considered by State Level Environment Impact Assessment Authority in its 164th meetings.

2. It is noted that the proposal is considered by SEAC-III under screening category 8 (a), B2 as per EIA Notification 2006.

Brief Information of the project submitted by you is as below :-

1.Name of Project	Residential project
2.Type of institution	Private
3.Name of Project Proponent	Kumar Properties and Developers LLP
4.Name of Consultant	Dr. Prashant Banne 'Sneha Hi-Tech Products'
5.Type of project	Housing project
6.New project/expansion in existing project/modernization/diversification in existing project	New Project
7.If expansion/diversification, whether environmental clearance has been obtained for existing project	Not applicable
8.Location of the project	S. no. 47/1 + 48/C/2 + 48/C/3 + 48/C/4
9.Taluka	Haveli
10.Village	Mundhwa

19.Total ground coverage (m2)	8525 sq.m
20.Ground-coverage Percentage (%) (Note: Percentage of plot not open to sky)	45%
21.Estimated cost of the project	1160000000

Government of Maharashtra

22. Production Details

Serial Number	Product	Existing (MT/M)	Proposed (MT/M)	Total (MT/M)
1	Not applicable	Not applicable	Not applicable	Not applicable

23. Total Water Requirement

Dry season:	Source of water	PMC / Recycled water
	Fresh water (CMD):	325 m3/day
	Recycled water - Flushing (CMD):	163 m3/day
	Recycled water - Gardening (CMD):	11 m3/day
	Swimming pool make up (Cum):	NA
	Total Water Requirement (CMD) :	499 m3/day
	Fire fighting - Underground water tank(CMD):	200 m3
	Fire fighting - Overhead water tank(CMD):	20 m3 per building
	Excess treated water	243 m3/day
Wet season:	Source of water	PMC / Recycled water
	Fresh water (CMD):	325 m3/day
	Recycled water - Flushing (CMD):	163 m3/day
	Recycled water - Gardening (CMD):	0
	Swimming pool make up (Cum):	NA
	Total Water Requirement (CMD) :	488 m3/day
	Fire fighting - Underground water tank(CMD):	200 m3
	Fire fighting - Overhead water tank(CMD):	20 m3 per building
	Excess treated water	254 m3/day
Details of Swimming pool (If any)	NA	

Government of Maharashtra

24.Details of Total water consumed

Particulars	Consumption (CMD)			Loss (CMD)			Effluent (CMD)		
	Existing	Proposed	Total	Existing	Proposed	Total	Existing	Proposed	Total
Domestic	Not applicable	Not applicable	Not applicable	Not applicable	Not applicable	Not applicable	Not applicable	Not applicable	Not applicable

25.Rain Water Harvesting (RWH)	Level of the Ground water table:	27 m below ground level
	Size and no of RWH tank(s) and Quantity:	NA
	Location of the RWH tank(s):	NA
	Quantity of recharge pits:	4 nos.
	Size of recharge pits :	1.2 m x 1.2 m x 3 m (d)
	Budgetary allocation (Capital cost) :	Rs. 7 Lakh
	Budgetary allocation (O & M cost) :	Rs. 1 Lakh/year
	Details of UGT tanks if any :	Domestic UGT capacity: 488 m ³ Flushing UGT capacity: 244 m ³ Fire UGT capacity: 200 m ³

26.Storm water drainage	Natural water drainage pattern:	Towards East side of the project site
	Quantity of storm water:	0.3812 Cum/Sec
	Size of SWD:	450 mm X 400 mm

27.Sewage and Waste water	Sewage generation in KLD:	439
	STP technology:	MBBR
	Capacity of STP (CMD):	1 no. and capacity of STP is 440 KLD
	Location & area of the STP:	South east corner of C building
	Budgetary allocation (Capital cost):	Rs. 75 Lakh
	Budgetary allocation (O & M cost):	Rs. 12 Lakh/year

28.Solid waste Management

Waste generation in the Pre Construction and Construction phase:	Waste generation:	Construction waste will be generated from the building, mainly comprising of waste concrete, excavated soil, broken bricks, waste plaster, metallic scrap etc. Debris chute will be used to channelize the waste from the building to the point of pick up on ground.
	Disposal of the construction waste debris:	Construction debris will be used for base preparation of road and for site leveling.
Waste generation in the operation Phase:	Dry waste:	651 kg/day
	Wet waste:	976 kg/day
	Hazardous waste:	NA
	Biomedical waste (If applicable):	NA
	STP Sludge (Dry sludge):	9 kg/day (Dry sludge)
	Others if any:	E waste- 1807 kg/year
Mode of Disposal of waste:	Dry waste:	Handed over to agency for further handling & disposal purpose
	Wet waste:	Through Organic waste converter machine
	Hazardous waste:	NA
	Biomedical waste (If applicable):	NA
	STP Sludge (Dry sludge):	Will be used as manure for gardening
	Others if any:	Handed over to authorized recycler for further handling & disposal purpose
Area requirement:	Location(s):	On ground and East side of C building
	Area for the storage of waste & other material:	15 sq.m.
	Area for machinery:	60 sq.m.
Budgetary allocation (Capital cost and O&M cost):	Capital cost:	Rs. 25.75 Lakh
	O & M cost:	Rs. 5.38 Lakh/year

Government of Maharashtra

29. Effluent Characteristics

Serial Number	Parameters	Unit	Inlet Effluent Characteristics	Outlet Effluent Characteristics	Effluent discharge standards (MPCB)
1	Not applicable	Not applicable	Not applicable	Not applicable	Not applicable
Amount of effluent generation (CMD):		Not applicable			
Capacity of the ETP:		Not applicable			
Amount of treated effluent recycled :		Not applicable			
Amount of water send to the CETP:		Not applicable			
Membership of CETP (if require):		Not applicable			
Note on ETP technology to be used		Not applicable			
Disposal of the ETP sludge		Not applicable			

Government of Maharashtra

30. Hazardous Waste Details

Serial Number	Description	Cat	UOM	Existing	Proposed	Total	Method of Disposal
1	Not applicable	Not applicable	Not applicable	Not applicable	Not applicable	Not applicable	Not applicable

31. Stacks emission Details

Serial Number	Section & units	Fuel Used with Quantity	Stack No.	Height from ground level (m)	Internal diameter (m)	Temp. of Exhaust Gases
1	Not applicable	Not applicable	Not applicable	Not applicable	Not applicable	Not applicable

32. Details of Fuel to be used

Serial Number	Type of Fuel	Existing	Proposed	Total
1	Not applicable	Not applicable	Not applicable	Not applicable

Source of Fuel: Not applicable
 Mode of Transportation of fuel to site: Not applicable

33. Energy

Power requirement:	Source of power supply :	MSEDCL
	During Construction Phase: (Demand Load)	116 KVA
	DG set as Power back-up during construction phase	150 KVA
	During Operation phase (Connected load):	1698 KW
	During Operation phase (Demand load):	1358 KW
	Transformer:	630 KVA x 3 nos. and 315 KVA x 1 no.
	DG set as Power back-up during operation phase:	500 kVA x 1 no.
	Fuel used:	HSD
	Details of high tension line passing through the plot if any:	NA

34. Energy saving by non-conventional method:

1. Energy Saved by Modern Energy efficient LED against Conventional CFL: 34393.35 KWH
2. Energy saving using Low Loss Transformer Against Conventional Transformer: 13140 KWH
3. Energy Saved by Solar Water Heating vs Electric Water Heating: 397650.00 KWH
4. Energy Saved by Solar PV: 43200.00 KWH
5. Energy Saved by Automatic Timer logic controller for lighting Control Against No timer Control: 27051.71 KWH
6. Energy Saved by Using VFD for Lift against conventional drive: 122640.00 KWH

36. Detail calculations & % of saving:

Serial Number	Energy Conservation Measures	Saving %
1	Energy Saved by Modern Energy efficient LED against Conventional CFL	34.09%
2	Energy saving using Low Loss Transformer Against Conventional Transformer:	5.00 %
3	Energy Saved by Solar Water Heating vs Electric Water Heating	75.34%
4	Energy Saved by Solar PV	2.21%

5	Energy Saved by Automatic Timer logic controller for lighting Control Against No timer Control:	41.88%
6	Energy Saved by Using VFD for Lift against conventional drive	20.00%

37.Details of pollution control Systems

Source	Existing pollution control system	Proposed to be installed
Not applicable	Not applicable	Not applicable
Budgetary allocation (Capital cost and O&M cost):	Capital cost:	Rs. 94.16 Lakh
	O & M cost:	Rs. 5.29 Lakh/year

38.Environmental Management plan Budgetary Allocation

a) Construction phase (with Break-up):

Serial Number	Attributes	Parameter	Total Cost per annum (Rs. In Lacs)
1	Water For Dust Suppression	Sprinklers system	1.50
2	Site Sanitation & Safety	Mobile toilets, fumigation, Personal protective equipments	4.00
3	Environmental Monitoring	Air, noise, water & soil	1.50
4	Health Check Up	Hospital	2.00
5	Environment Management cell	Formation of cell	5.40

b) Operation Phase (with Break-up):

Serial Number	Component	Description	Capital cost Rs. In Lacs	Operational and Maintenance cost (Rs. in Lacs/yr)
1	STP	1 no. of STP	75	12
2	Rain Water Harvesting	4 nos. of recharge pits	7	1
3	Solid Waste Management	OWC to treat wet waste	25.75	5.38
4	Landscape	Landscape development	19.56	1.50
5	Energy	Solar water heating Systems & energy efficient measures	94.16	5.19
6	Environment Management Cell	Comprising of society & technical staff	NA	4.80

39.Storage of chemicals (inflammable/explosive/hazardous/toxic substances)

Description	Status	Location	Storage Capacity in MT	Maximum Quantity of Storage at any point of time in MT	Consumption / Month in MT	Source of Supply	Means of transportation
Not applicable	Not applicable	Not applicable	Not applicable	Not applicable	Not applicable	Not applicable	Not applicable

40.Any Other Information

No Information Available

	CRZ/ RRZ clearance obtain, if any:	NA
	Distance from Protected Areas / Critically Polluted areas / Eco-sensitive areas/ inter-State boundaries	NA
	Category as per schedule of EIA Notification sheet	8 (a), B2
	Court cases pending if any	NA
	Other Relevant Informations	NA
	Have you previously submitted Application online on MOEF Website.	Yes
	Date of online submission	28-11-2018

3. The proposal has been considered by SEIAA in its 164th meeting & decided to accord environmental clearance to the said project under the provisions of Environment Impact Assessment Notification, 2006 subject to implementation of the following terms and conditions:

Specific Conditions:

I	1. PP to incorporate asset creation activities in CER.
II	2. PP to submit following NOCs : (a) Water supply, (b) CFO, (c) Garden NOC.
III	3. PP informed that they have submitted plan to PMC for approval, however the same will be routed through process of PMAY, after which approval will be received. PP to expedite the same.
IV	4. PP to submit details of STP.
V	PP to submit revised CER by replacing activity of hyacinth removal from river with other asset creation activity like provision of solar lights etc.
VI	PP to submit Disaster management Plan.
VII	PP Shall comply with Standard EC conditions mentioned in the Office Memorandum issued by MoEF & CC vide F.No.22-34/2018-IA.III dt.04.01.2019.
VIII	PP to upload revised calculations of evacuation time as presently it shown 25 min.
IX	SEIAA decided to grant EC for: FSI: 46081.41 m ² , Non FSI: 30986.31 m ² & Total BUA:77067.72 m ² . (IOD no. CC/3448/18 DPO/Zone No.4 Approval Date- 04.02.2019)

General Conditions:

I	E-waste shall be disposed through Authorized vendor as per E-waste (Management and Handling) Rules, 2016.
II	The Occupancy Certificate shall be issued by the Local Planning Authority to the project only after ensuring sustained availability of drinking water, connectivity of sewer line to the project site and proper disposal of treated water as per environmental norms.
III	This environmental clearance is issued subject to obtaining NOC from Forestry & Wild life angle including clearance from the standing committee of the National Board for Wild life as if applicable & this environment clearance does not necessarily implies that Forestry & Wild life clearance granted to the project which will be considered separately on merit.
IV	PP has to abide by the conditions stipulated by SEAC & SEIAA.
V	The height, Construction built up area of proposed construction shall be in accordance with the existing FSI/FAR norms of the urban local body & it should ensure the same along with survey number before approving layout plan & before according commencement certificate to proposed work. Plan approving authority should also ensure the zoning permissibility for the proposed project as per the approved development plan of the area.
VI	If applicable Consent for Establishment" shall be obtained from Maharashtra Pollution Control Board under Air and Water Act and a copy shall be submitted to the Environment department before start of any construction work at the site.
VII	All required sanitary and hygienic measures should be in place before starting construction activities and to be maintained throughout the construction phase.
VIII	Adequate drinking water and sanitary facilities should be provided for construction workers at the site. Provision should be made for mobile toilets. The safe disposal of wastewater and solid wastes generated during the construction phase should be ensured.
IX	The solid waste generated should be properly collected and segregated. dry/inert solid waste should be disposed off to the approved sites for land filling after recovering recyclable material.

X	Disposal of muck during construction phase should not create any adverse effect on the neighboring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in approved sites with the approval of competent authority.
XI	Arrangement shall be made that waste water and storm water do not get mixed.
XII	All the topsoil excavated during construction activities should be stored for use in horticulture / landscape development within the project site.
XIII	Additional soil for leveling of the proposed site shall be generated within the sites (to the extent possible) so that natural drainage system of the area is protected and improved.
XIV	Green Belt Development shall be carried out considering CPCB guidelines including selection of plant species and in consultation with the local DFO/ Agriculture Dept.
XV	Soil and ground water samples will be tested to ascertain that there is no threat to ground water quality by leaching of heavy metals and other toxic contaminants.
XVI	Construction spoils, including bituminous material and other hazardous materials must not be allowed to contaminate watercourses and the dumpsites for such material must be secured so that they should not leach into the ground water.
XVII	Any hazardous waste generated during construction phase should be disposed off as per applicable rules and norms with necessary approvals of the Maharashtra Pollution Control Board.
XVIII	The diesel generator sets to be used during construction phase should be low sulphur diesel type and should conform to Environments (Protection) Rules prescribed for air and noise emission standards.
XIX	The diesel required for operating DG sets shall be stored in underground tanks and if required, clearance from concern authority shall be taken.
XX	Vehicles hired for bringing construction material to the site should be in good condition and should have a pollution check certificate and should conform to applicable air and noise emission standards and should be operated only during non-peak hours.
XXI	Ambient noise levels should conform to residential standards both during day and night. Incremental pollution loads on the ambient air and noise quality should be closely monitored during construction phase. Adequate measures should be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB/MPCB.
XXII	Fly ash should be used as building material in the construction as per the provisions of Fly Ash Notification of September 1999 and amended as on 27th August, 2003. (The above condition is applicable only if the project site is located within the 100Km of Thermal Power Stations).
XXIII	Ready mixed concrete must be used in building construction.
XXIV	Storm water control and its re-use as per CGWB and BIS standards for various applications.
XXV	Water demand during construction should be reduced by use of pre-mixed concrete, curing agents and other best practices referred.
XXVI	The ground water level and its quality should be monitored regularly in consultation with Ground Water Authority.
XXVII	The installation of the Sewage Treatment Plant (STP) should be certified by an independent expert and a report in this regard should be submitted to the MPCB and Environment department before the project is commissioned for operation. Discharge of this unused treated effluent, if any should be discharge in the sewer line. Treated effluent emanating from STP shall be recycled/refused to the maximum extent possible. Discharge of this unused treated effluent, if any should be discharge in the sewer line. Treatment of 100% gray water by decentralized treatment should be done. Necessary measures should be made to mitigate the odour problem from STP.
XXVIII	Permission to draw ground water and construction of basement if any shall be obtained from the competent Authority prior to construction/operation of the project.
XXIX	Separation of gray and black water should be done by the use of dual plumbing line for separation of gray and black water.
XXX	Fixtures for showers, toilet flushing and drinking should be of low flow either by use of aerators or pressure reducing devices or sensor based control.
XXXI	Use of glass may be reduced up to 40% to reduce the electricity consumption and load on air conditioning. If necessary, use high quality double glass with special reflective coating in windows.
XXXII	Roof should meet prescriptive requirement as per Energy Conservation Building Code by using appropriate thermal insulation material to fulfill requirement.
XXXIII	Energy conservation measures like installation of CFLs /TFLs for the lighting the areas outside the building should be integral part of the project design and should be in place before project commissioning. Use CFLs and TFLs should be properly collected and disposed off/sent for recycling as per the prevailing guidelines/rules of the regulatory authority to avoid mercury contamination. Use of solar panels may be done to the extent possible like installing solar street lights, common solar water heaters system. Project proponent should install, after checking feasibility, solar plus hybrid non-conventional energy source as source of energy.
XXXIV	Diesel power generating sets proposed as source of backup power for elevators and common area illumination during operation phase should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use low sulphur diesel. The location of the DG sets may be decided with in consultation with Maharashtra Pollution Control Board.
XXXV	Noise should be controlled to ensure that it does not exceed the prescribed standards. During nighttime the noise levels measured at the boundary of the building shall be restricted to the permissible levels to comply with the prevalent regulations.
XXXVI	Traffic congestion near the entry and exit points from the roads adjoining the proposed project site must be avoided. Parking should be fully internalized and no public space should be utilized.

XXXVII	Opaque wall should meet prescriptive requirement as per Energy Conservation Building Code, which is proposed to be mandatory for all air-conditioned spaces while it is aspiration for non-air-conditioned spaces by use of appropriate thermal insulation material to fulfill requirement.
XXXVIII	The building should have adequate distance between them to allow movement of fresh air and passage of natural light, air and ventilation.
XXXIX	Regular supervision of the above and other measures for monitoring should be in place all through the construction phase, so as to avoid disturbance to the surroundings.
XL	Under the provisions of Environment (Protection) Act, 1986, legal action shall be initiated against the project proponent if it was found that construction of the project has been started without obtaining environmental clearance.
XLI	Six monthly monitoring reports should be submitted to the Regional office MoEF, Bhopal with copy to this department and MPCB.
XLII	Project proponent shall ensure completion of STP, MSW disposal facility, green belt development prior to occupation of the buildings. As agreed during the SEIAA meeting, PP to explore possibility of utilizing excess treated water in the adjacent area for gardening before discharging it into sewer line No physical occupation or allotment will be given unless all above said environmental infrastructure is installed and made functional including water requirement in Para 2. Prior certification from appropriate authority shall be obtained.
XLIII	Wet garbage should be treated by Organic Waste Converter and treated waste (manure) should be utilized in the existing premises for gardening. And, no wet garbage will be disposed outside the premises. Local authority should ensure this.
XLIV	Local body should ensure that no occupation certification is issued prior to operation of STP/MSW site etc. with due permission of MPCB.
XLV	A complete set of all the documents submitted to Department should be forwarded to the Local authority and MPCB.
XLVI	In the case of any change(s) in the scope of the project, the project would require a fresh appraisal by this Department.
XLVII	A separate environment management cell with qualified staff shall be set up for implementation of the stipulated environmental safeguards.
XLVIII	Separate funds shall be allocated for implementation of environmental protection measures/EMP along with item-wise breaks-up. These cost shall be included as part of the project cost. The funds earmarked for the environment protection measures shall not be diverted for other purposes and year-wise expenditure should reported to the MPCB & this department.
XLIX	The project management shall advertise at least in two local newspapers widely circulated in the region around the project, one of which shall be in the Marathi language of the local concerned within seven days of issue of this letter, informing that the project has been accorded environmental clearance and copies of clearance letter are available with the Maharashtra Pollution Control Board and may also be seen at Website at http://ec.maharashtra.gov.in .
L	Project management should submit half yearly compliance reports in respect of the stipulated prior environment clearance terms and conditions in hard & soft copies to the MPCB & this department, on 1st June & 1st December of each calendar year.
LI	A copy of the clearance letter shall be sent by proponent to the concerned Municipal Corporation and the local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal. The clearance letter shall also be put on the website of the Company by the proponent.
LII	The proponent shall upload the status of compliance of the stipulated EC conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB. The criteria pollutant levels namely; SPM, RSPM, SO ₂ , NO _x (ambient levels as well as stack emissions) or critical sector parameters, indicated for the project shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.
LIII	The project proponent shall also submit six monthly reports on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB.
LIV	The environmental statement for each financial year ending 31st March in Form-V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of EC conditions and shall also be sent to the respective Regional Offices of MoEF by e-mail.

4. The environmental clearance is being issued without prejudice to the action initiated under EP Act or any court case pending in the court of law and it does not mean that project proponent has not violated any environmental laws in the past and whatever decision under EP Act or of the Hon'ble court will be binding on the project proponent. Hence this clearance does not give immunity to the project proponent in the case filed against him, if any or action initiated under EP Act.

5. In case of submission of false document and non-compliance of stipulated conditions, Authority/ Environment Department will revoke or suspend the Environment clearance without any intimation and initiate appropriate legal action under Environmental Protection Act, 1986.

6. The Environment department reserves the right to add any stringent condition or to revoke the clearance if conditions stipulated are not implemented to the satisfaction of the department or for that matter, for any other administrative reason.

7. Validity of Environment Clearance: The environmental clearance accorded shall be valid as per EIA Notification, 2006, and amendments by MoEF&CC Notification dated 29th April, 2015.

8. In case of any deviation or alteration in the project proposed from those submitted to this department for clearance, a fresh reference should be made to the department to assess the adequacy of the condition(s) imposed and to incorporate additional environmental protection measures required, if any.

9. The above stipulations would be enforced among others under the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and rules there under, Hazardous Wastes (Management and Handling) Rules, 1989 and its amendments, the public Liability Insurance Act, 1991 and its amendments.

10. Any appeal against this Environment clearance shall lie with the National Green Tribunal (Western Zone Bench, Pune), New Administrative Building, 1st Floor, D-, Wing, Opposite Council Hall, Pune, if preferred, within 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

Sub: Reply to Specific Conditions mentioned in Environment Clearance issued to residential project proposed at S. no. 47/1 + 48/C/2 + 48/C/3 + 48/C/4 Mundhwa, Pune by Kumar Properties & Developers LLP

Ref.: Environment Clearance letter no. SEIAA-EC-0000001475 dated 23.04.2019

Respected Sir

Firstly we would like to thank you for issuing Environment Clearance to our proposed residential project at above mentioned address. Further we would like to submit our reply to specific conditions mentioned in Environment Clearance on Page no. 9.

Sr. No.	Points	Reply
1	PP to incorporate asset creation activities in CER	We had modified CER with assets creating activities and uploaded it on ec-MPCB portal on 26.02.2019. Same was presented in 83 rd SEAC-3 meeting on 13.03.2019.
2	PP to submit following NOCs : (a) Water supply, (b) CFO, (c) Garden NOC	We had uploaded copies of Water supply & CFO NOC on ec-MPCB portal on 26.02.2019 and also submitted it in 83 rd SEAC-3 meeting on 13.03.2019.
3	PP informed that they have submitted plan to PMC for approval, however the same will be routed through process of PMAY, after which approval will be received. PP to expedite the same.	We had uploaded copy of sanction plan on ec-MPCB portal on 26.02.2019 and submitted the same in 83 rd SEAC-3 meeting on 13.03.2019.
4	PP to submit details of STP	We uploaded details of STP design on ec-MPCB portal on 26.02.2019 and submitted the same in 83 rd SEAC-3 meeting on 13.03.2019.
5	PP to submit revised CER by replacing activity of hyacinth removal from river with other asset creation activity like provision of solar lights etc.	As per committee's suggestion given in 83 rd SEAC-3 meeting we had replaced hyacinth removal activity in CER and uploaded the revised CER on ec-MPCB portal on 11.04.2019. The same was presented in 164 th SEIAA meeting on 12.04.2019

Consent order No: Format1.0/BO/JD (WPC)/UAN-072724/CE/CC- 1909000 411

Date 13/09/2019

To,
M/s. Kumar Properties & Developers LLP,
S. No. 47/1+48/C/2+48/C3+48/C/4,
Vill: Mundhwa, Tal: Haveli, Dist: Pune.

Sub: Consent to Establish for Construction of Housing Projects granted under Red Category.

Ref: 1. Your Application vide UAN No. -000072724 Dated: 08/05/2019.
2. Minutes of 3rd Consent Committee meeting (Part-III) held on 09/08/2019.

For: Consent to Establish for Construction of Housing project under Section 25 of the Water (Prevention & Control of Pollution) Act, 1974 & under Section 21 of the Air (Prevention & Control of Pollution) Act, 1981 and Authorization under Rule 5 of the Hazardous and Other Wastes (M & TM) Rules, 2016 is considered and the consent is hereby granted subject to the following terms and conditions and as detailed in the schedule I, II, III & IV annexed to this order:

1. The consent is granted for a period up to commissioning of the project or of 5 years whichever is earlier.
2. The proposed capital investment of the project is Rs. 159.59 Cr.
(As per C.A certificate submitted by project proponent)

The Consent to Establish is valid for construction of Housing Project named as M/s. Kumar Properties & Developers LLP, S. No. 47/1+48/C/2+48/C3+48/C/4, Vill: Mundhwa, Tal: Haveli, Dist: Pune. For total plot area of 22,900.0 Sqm and total construction built up area 77,067.72 Sqm including utilities and services as per Commencement Certificate issued by local body.

3. Conditions under Water (P&CP), 1974 Act for discharge of effluent:

Sr. No.	Description	Permitted quantity of discharge (CMD)	Standards to be achieved	Disposal
1.	Trade effluent	NIL	NA	NA
2.	Domestic effluent	439.0	As per Schedule -I	60% should be reused & recycled and remaining should be discharged in municipal sewer

4. Conditions under Air (P&CP) Act, 1981 for air emissions:

Sr. No.	Description of stack/ source	Capacity	Number Of Stack	Standards to be achieved
1	DG Set	150 KVA	1	As Per Schedule -II
2	DG Set	500 KVA	1	As Per Schedule -II

5. Conditions under Solid Waste Management Rules, 2016:

Sr. no.	Type Of Waste	Quantity & UOM	Treatment	Disposal
1	Wet garbage	976.0 Kg/Day	Organics waste Converter with composting facility / Biogas digester with composting facility	Used as Manure
2	Dry garbage	651.0 Kg/Day	--	Segregate and Hand over to Local Body for recycling
3.	STP sludge	9.0 Kg/day	STP	Used as manure

6. Conditions under Hazardous and Other Wastes (M & TM) Rules, 2016 for treatment and disposal of hazardous waste; NIL.
7. The Board reserves the right to review, amend, suspend, revoke etc. this consent and the same should be binding on the industry.
8. This consent should not be construed as exemption from obtaining necessary NOC/permission from any other Government authorities.
9. Project Proponent shall comply the Construction and Demolition Waste Management Rules, 2016 which is notified by Ministry of Environment, Forest and Climate Change dtd.29/03/2016.
10. Project Proponent shall submit an affidavit in Board's prescribed format within 15 days regarding the compliance of conditions of EC/CRZ clearance and C to E.
11. Project Proponent shall install online monitoring systems for BOD, TSS and flow at the outlet of STP.
12. Project Proponent shall provide Organic waste digester with composting facility or Biogas digester with composting facility.
13. The applicant should comply with the conditions stipulated in Environmental Clearance Obtained from SEIAA, Environment Department, Government of Maharashtra, dt. 23/04/2019 for total plot area **22,900.0 Sqm** and total construction BUA **77,067.72 Sqm**.

Schedule-I

Terms & conditions for compliance of Water Pollution Control:

- 1) A] As per your application, you have proposed to install of Sewage Treatment Plants (STP) with the design capacity of **440.0 CMD**
- B] The Applicant shall operate the effluent treatment plant (STP) to treat the sewage so as to achieve the following standards prescribed by the Board or under EP Act, 1986 and Rules made there under from time to time, whichever is stringent.

Sr No.	Parameters	Standards prescribed by Board
		Limiting Concentration in mg/l, except for PH
01	BOD (3 days 27°C)	10
02	Suspended Solids	20
03	COD	50
04	Residual chlorine	1 PPM

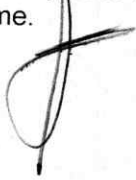

C) The treated effluent shall be 60% recycled for secondary purposes such as toilet flushing, air conditioning, firefighting, on land for gardening etc and remaining shall be discharged in to the municipal sewerage system.

D] Project proponent shall operate STP for five years from the date of obtaining occupation certificate.

The Board reserves its rights to review plans, Specifications or other data relating to plant setup for the treatment of waterworks for the purification thereof & the system for the disposal of sewage or trade effluent or in connection with the grant of any consent conditions. The Applicant should obtain prior consent of the Board to take steps to establish the unit or establish any treatment and disposal system or and extension or addition thereto

- 2) The industry should ensure replacement of pollution control system or its parts after expiry of its expected life as defined by manufacturer so as to ensure the compliance of standards and safety of the operation thereof.
- 3) The Applicant shall comply with the provisions of the Water (Prevention & Control of Pollution) Act, 1974 and as amended, by installing water meters and other provisions as contained in the said act.

Sr. no.	Purpose for water consumed	Water consumption quantity (CMD)
1.	Domestic purpose	488.0

- 4) The Applicant shall provide Specific Water Pollution control system as per the conditions of EP Act, 1986 and rule made there under from time to time.
- 

Schedule-II

Terms & conditions for compliance of Air Pollution Control:

1. As per your application, you have proposed to install the Air pollution control (APC) system and also proposed to erect following stack (s) and to observe the following fuel pattern-

Sr. No.	Stack Attached To	APC System	Height in Mtrs.	Type Of Fuel	Quantity	UOM	S%	SO ₂
1.	DG Set (150 KVA)	Acoustic enclosure	2.45	HSD	40.0	Lit/Hr	--	--
2.	DG Set (500 KVA)	Acoustic enclosure	4.47	HSD	35.0	Lit/Hr	--	--

* Above roof of the building in which it is installed.

2. The applicant should operate and maintain above mentioned air pollution control system, so as to achieve the level of pollutants to the following standards.

Particulate matter	Not to exceed	150 mg/Nm ³ .
--------------------	---------------	--------------------------

3. The Applicant should obtain necessary prior permission for providing additional control equipment with necessary specifications and operation thereof or alteration or replacement alteration well before its life come to an end or erection of new pollution control equipment. The Board reserves its rights to vary all or any of the condition in the consent, if due to any technological improvement or otherwise such variation (including the change of any control equipment, other in whole or in part is necessary).

Schedule-III
Details of Bank Guarantees

Sr. No.	Consent (C to E/O/R)	Amt of BG Imposed	Submission Period	Purpose of BG	Compliance Period	Validity Date
1	Consent to Establish	Rs. 10 lakh	15 Days	Towards Compliance of EC and consent conditions.	Up to Commissioning of the project	COU

Maharashtra Pollution Control Board

Schedule-IV

General Conditions:

The following general conditions shall apply as per the type of the industry.

- 1) The applicant shall provide facility for collection of samples of sewage effluents, air emissions and hazardous waste to the Board staff at the terminal or designated points and shall pay to the Board for the services rendered in this behalf.
- 2) The firm shall strictly comply with the Water (P&CP) Act, 1974, Air (P&CP) Act, 1981 and environmental protection Act 1986 and Solid Waste Management Rules, 2016 and E-Waste (Management) Rules, 2016.
- 3) Drainage system shall be provided for collection of sewage effluents. Terminal manholes shall be provided at the end of the collection system with arrangement for measuring the flow. No sewage shall be admitted in the pipes/sewers downstream of the terminal manholes. No sewage shall find its way other than in designed and provided collection system.
- 4) Vehicles hired for bringing construction material to the site should be in good condition and should conform to applicable air and noise emission standards and should be operated only during non-peak hours.
- 5) Conditions for D.G. Set
 - a) Noise from the D.G. Set should be controlled by providing an acoustic enclosure or by treating the room acoustically.
 - b) Industry should provide acoustic enclosure for control of noise. The acoustic enclosure/ acoustic treatment of the room should be designed for minimum 25 dB (A) insertion loss or for meeting the ambient noise standards, whichever is on higher side. A suitable exhaust muffler with insertion loss of 25 dB (A) shall also be provided. The measurement of insertion loss will be done at different points at 0.5 meters from acoustic enclosure/room and then average.
 - c) The industry shall take adequate measures for control of noise levels from its own sources within the premises in respect of noise to less than 55 dB(A) during day time and 45 dB(A) during the night time. Day time is reckoned between 6 a.m. to 10 p.m and night time is reckoned between 10 p.m to 6 a.m.
 - d) Industry should make efforts to bring down noise level due to DG set, outside industrial premises, within ambient noise requirements by proper siting and control measures.
 - e) Installation of DG Set must be strictly in compliance with recommendations of DG Set manufacturer.
 - f) A proper routine and preventive maintenance procedure for DG set should be set and followed in consultation with the DG manufacturer which would help to prevent noise levels of DG set from deteriorating with use.
 - g) D.G. Set shall be operated only in case of power failure.
 - h) The applicant should not cause any nuisance in the surrounding area due to operation of D.G. Set.
 - i) The applicant shall comply with the notification of MOEF dated 17.05.2002 regarding noise limit for generator sets run with diesel.
- 6) Solid Waste – The applicant shall provide onsite municipal solid waste processing system & shall comply with Solid Waste Management Rules, 2016 & E-Waste (M) Rules, 2016.
- 7) Affidavit undertaking in respect of no change in the status of consent conditions and compliance of the consent conditions the draft can be downloaded from the official web site of the MPCB.
- 8) The treated sewage shall be disinfected using suitable disinfection method
- 9) The firm shall submit to this office, the 30th day of September every year, the environment statement report for the financial year ending 31st march in the prescribed Form-V as per the provision of rule 14 of the Environmental (Protection) Second Amended rule 1992
- 10) **The applicant shall obtain Consent to Operate from Maharashtra Pollution Control Board before commissioning of the project.**

राजस्थानचा कोलकातावर रोमहर्षक विजय

पीटीआय, कोलकाता

कर्णधार दिनेश कार्तिकने साकारलेल्या नाबाद ९७ धावांच्या झुंजार खेळीनंतरही कोलकाता नाइट रायडर्सला गुरुवारी इंडियन प्रीमियर लीग (आयपीएल) क्रिकेटमध्ये राजस्थान रॉयल्सविरुद्ध तीन गडी व चार चेंडू राखून पराभव पत्करावा लागला. रियान पराग (४७) व अजिंक्य रहाणे (३४) यांच्या योगदानामुळे राजस्थानने विजयी लक्ष्य १९.२ षटकांत सात फलंदाजांच्या

भोवदल्यात गाठले.

कोलकाताच्या डावात अखेरच्या चेंडूवर शतकासाठी चार धावांची आवश्यकता असताना कार्तिकला फक्त एकरी धाव घेण्यात यश आले. त्याने ५० चेंडूंत सात चौकार व नऊ षटकारांसह ९७ धावा फटकावताना सातव्या गड्यासाठी रिकू सिंगसह ४४ धावांची भागीदारी रचली. त्यामुळे कोलकाताने २० षटकांत ६ बाद १७५ धावा केल्या. कार्तिकव्यतिरिक्त फक्त नितिशा राणा (२१) विरोी गाठू शकला. सलामीवीर खिस लिन

भोपळाही फोडू शकला नाही, तर युवा शुभमन गिल व आंद्रे रसेल प्रत्येकी १४ धावांवर माघारी परतले.

सक्षिप्त धावफलक

कोलकाता नाइट रायडर्स : २०

षटकांत ६ बाद १७५ (दिनेश कार्तिक नाबाद ९७, नितिशा राणा २१; वरुण आरोन २/२०) पराभूत वि. राजस्थान रॉयल्स : १९.२ षटकांत ७ बाद १७७ (रियान पराग ४७, अजिंक्य रहाणे ३४; पियूष चावला ३/२०).
