M/s.Kumar Construction and Properties Private Limited, Survey No. 103(P), 104(P), 106(P),108(P), Village – Borhadewadi Moshi, Taluka – Haveli, Pune.

> Subject : Environmental Clearance for Proposed Residential & Commercial construction at Survey No. 103(P), 104(P), 106(P),108(P) Village – Borhadewadi Moshi, Taluka – Haveli, Pune by M/s.Kumar Construction and Properties Private Limited

Reference : Application no. SIA/MH/MIS/72692/2022

This has reference to your communication on the above-mentioned subject. The proposal was considered by the SEAC-3 in its 149th meeting under screening category 8 (b) B1 as per EIA Notification, 2006 and recommend to SEIAA. Proposal then considered in 251st (Day-2) meeting of State Level Environment Impact Assessment Authority (SEIAA).

1.	Proposal Number	SIA/MH/MIS/72692/2022				
2.	Name of Project	" Proposed Residential & Commercial construction"				
3.	Project category	8(b)B1				
4.	Type of Institution	Private				
5.	Project Proponent	Name	Kumar Construction and Properties Pvt Ltd.			
		Regd. Office address	Kumar Capital, 2413, East Street, Camp, Pune - 411001			
		Contact number	9011009240			
		E-mail	moef23@kumarworld.com			
6.	Consultant	Goldfinch Engineering System Private Limited				
		Plot No. A-288, Road No. 16 Z, Opp. Agriculture Office				
		Bus-stop, Thane Industrial Area, MIDC (Wagle Estate),				
		Thane (W) – 400604, Maharashtra, India.				
		PH: 91-22-25801529/21/46				
		Accreditation No : NABET/EIA/1922/RA0145				
7.	Applied for	New Project				
8.	Details of previous EC	NA				
9.	Location of the project	Survey No. 103(P), 104(P), 106(P),108(P) Village – Borhadewadi Moshi, Taluka – Haveli, Pune

3. Proposal is a new construction project. Proposal has been considered by SEIAA in its 251st (Day-2) meeting and decided to accord Environment Clearance to the said project under the provisions of Environment Impact Assessment Notification, 2006 subject to implantation of following terms and conditions-

Specific Conditions:

A. <u>SEAC Conditions-</u>

- 1. PP to ensure that, minimum 6mt clear drive way is there for smooth fire tender movement.
- 2. PP to shuffle the entry & exit of the project to avoid conflict in traffic
- 3. PP to submit the fire NoC.
- 4. PP to ensure that, the drop arrangement for manhole to be connected to sewer line of Planning Authority.
- 5. PP to provide mitigation measures with respect to carbon foot print generated by project.
- 6. It is noted that, the project will complete in 4 phases, PP to ensure dust & noise mitigation measures during construction phase.
- 7. PP to provide minimum 30% of total parking arrangement with electric charging facility by providing charging points at suitable places. PP to ensure that this should be provided in AC/DC combination.
- 8. PP to ensure that, the water proposed to be used for construction phase should not be drinking water. They can use recycled water or tanker water for proposed construction.

B. SEIAA Conditions-

- 1. PP to keep open space unpaved so as to ensure permeability of water. However, whenever paving is deemed necessary, PP to provide grass pavers of suitable types & strength to increase the water permeable area as well as to allow effective fire tender movement.
- 2. PP to achieve at least 5% of total energy requirement from solar/other renewable sources.
- 3. PP Shall comply with Standard EC conditions mentioned in the Office Memorandum issued by MoEF& CC vide F.No.22-34/2018-IA.III dt.04.01.2019.
- SEIAA after deliberation decided to grant EC for FSI -129437.75 m2, Non FSI-53811.59m2, Total BUA-183249.34 m2. (Plan approval No.BP/Env/Brohadewadi/01/2022, dated-04.02.2022).

General Conditions:

a) Construction Phase :-

- I. The solid waste generated should be properly collected and segregated. Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.
- II. Disposal of muck, Construction spoils, including bituminous material during construction phase should not create any adverse effect on the neighbouring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in the approved sites with the approval of competent authority.

- III. Any hazardous waste generated during construction phase should be disposed of as per applicable rules and norms with necessary approvals of the Maharashtra Pollution Control Board.
- IV. Adequate drinking water and sanitary facilities should be provided for construction workers at the site. Provision should be made for mobile toilets. The safe disposal of wastewater and solid wastes generated during the construction phase should be ensured.
- V. Arrangement shall be made that waste water and storm water do not get mixed.
- VI. Water demand during construction should be reduced by use of pre-mixed concrete, curing agents and other best practices.
- VII. The ground water level and its quality should be monitored regularly in consultation with Ground Water Authority.
- VIII. Permission to draw ground water for construction of basement if any shall be obtained from the competent Authority prior to construction/operation of the project.
- IX. Fixtures for showers, toilet flushing and drinking should be of low flow either by use of aerators or pressure reducing devices or sensor based control.
- X. The Energy Conservation Building code shall be strictly adhered to.
- XI. All the topsoil excavated during construction activities should be stored for use in horticulture / landscape development within the project site.
- XII. Additional soil for levelling of the proposed site shall be generated within the sites (to the extent possible) so that natural drainage system of the area is protected and improved.
- XIII. Soil and ground water samples will be tested to ascertain that there is no threat to ground water quality by leaching of heavy metals and other toxic contaminants.
- XIV. PP to strictly adhere to all the conditions mentioned in Maharashtra (Urban Areas) Protection and Preservation of Trees Act, 1975 as amended during the validity of Environment Clearance.
- XV. The diesel generator sets to be used during construction phase should be low sulphur diesel type and should conform to Environments (Protection) Rules prescribed for air and noise emission standards.
- XVI. PP to strictly adhere to all the conditions mentioned in Maharashtra (Urban Areas) Protection and Preservation of Trees Act, 1975 as amended during the validity of Environment Clearance.
- XVII. Vehicles hired for transportation of Raw material shall strictly comply the emission norms prescribed by Ministry of Road Transport & Highways Department. The vehicle shall be adequately covered to avoid spillage/leakages.
- XVIII. Ambient noise levels should conform to residential standards both during day and night. Incremental pollution loads on the ambient air and noise quality should be closely monitored during construction phase. Adequate measures should be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB/MPCB.
 - XIX. Diesel power generating sets proposed as source of backup power for elevators and common area illumination during construction phase should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all

proposed DG sets. Use low sulphur diesel is preferred. The location of the DG sets may be decided with in consultation with Maharashtra Pollution Control Board.

XX. Regular supervision of the above and other measures for monitoring should be in place all through the construction phase, so as to avoid disturbance to the surroundings by a separate environment cell /designated person.

B) Operation phase:-

- I. a) The solid waste generated should be properly collected and segregated. b) Wet waste should be treated by Organic Waste Converter and treated waste (manure) should be utilized in the existing premises for gardening. And, no wet garbage will be disposed outside the premises. c) Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.
- II. E-waste shall be disposed through Authorized vendor as per E-waste (Management and Handling) Rules, 2016.
- III. a) The installation of the Sewage Treatment Plant (STP) should be certified by an independent expert and a report in this regard should be submitted to the MPCB and Environment department before the project is commissioned for operation. Treated effluent emanating from STP shall be recycled/ reused to the maximum extent possible. Treatment of 100% grey water by decentralized treatment should be done. Necessary measures should be made to mitigate the odour problem from STP b) PP to give100 % treatment to sewage /Liquid waste and explore the possibility to recycle at least 50 % of water, Local authority should ensure this.
- IV. Project proponent shall ensure completion of STP, MSW disposal facility, green belt development prior to occupation of the buildings. As agreed during the SEIAA meeting, PP to explore possibility of utilizing excess treated water in the adjacent area for gardening before discharging it into sewer line No physical occupation or allotment will be given unless all above said environmental infrastructure is installed and made functional including water requirement.
 - The Occupancy Certificate shall be issued by the Local Planning Authority to the project only after ensuring sustained availability of drinking water, connectivity of sewer line to the project site and proper disposal of treated water as per environmental norms.
- VI. Traffic congestion near the entry and exit points from the roads adjoining the proposed project site must be avoided. Parking should be fully internalized and no public space should be utilized.
- VII. PP to provide adequate electric charging points for electric vehicles (EVs).
- VIII. Green Belt Development shall be carried out considering CPCB guidelines including selection of plant species and in consultation with the local DFO/ Agriculture Dept.
 - IX. A separate environment management cell with qualified staff shall be set up for implementation of the stipulated environmental safeguards.
 - X. Separate funds shall be allocated for implementation of environmental protection measures/EMP along with item-wise breaks-up. These cost shall be included as part of the project cost. The funds earmarked for the environment protection measures shall not be diverted for other purposes.
 - XI. The project management shall advertise at least in two local newspapers widely circulated in the region around the project, one of which shall be in the Marathi language of the local concerned within seven days of issue of this letter, informing that

the project has been accorded environmental clearance and copies of clearance letter are available with the Maharashtra Pollution Control Board and may also be seen at Website at parivesh.nic.in

- XII. Project management should submit half yearly compliance reports in respect of the stipulated prior environment clearance terms and conditions in hard & soft copies to the MPCB & this department, on 1st June & 1st December of each calendar year.
- XIII. A copy of the clearance letter shall be sent by proponent to the concerned Municipal Corporation and the local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal. The clearance letter shall also be put on the website of the Company by the proponent.
- XIV. The proponent shall upload the status of compliance of the stipulated EC conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB. The criteria pollutant levels namely; SPM, RSPM. SO2, NOx (ambient levels as well as stack emissions) or critical sector parameters, indicated for the project shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.

C) General EC Conditions:-

- I. PP has to strictly abide by the conditions stipulated by SEAC& SEIAA.
- II. If applicable Consent for Establishment" shall be obtained from Maharashtra Pollution Control Board under Air and Water Act and a copy shall be submitted to the Environment department before start of any construction work at the site.
- III. Under the provisions of Environment (Protection) Act, 1986, legal action shall be initiated against the project proponent if it was found that construction of the project has been started without obtaining environmental clearance.
- IV. The project proponent shall also submit six monthly reports on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB.
- V. The environmental statement for each financial year ending 31st March in Form-V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of EC conditions and shall also be sent to the respective Regional Offices of MoEF by e-mail.
- VI. No further Expansion or modifications, other than mentioned in the EIA Notification, 2006 and its amendments, shall be carried out without prior approval of the SEIAA. In case of deviations or alterations in the project proposal from those submitted to SEIAA for clearance, a fresh reference shall be made to the SEIAA as applicable to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.
- VII. This environmental clearance is issued subject to obtaining NOC from Forestry & Wild life angle including clearance from the standing committee of the National Board for Wild life as if applicable & this environment clearance does not necessarily implies that Forestry & Wild life clearance granted to the project which will be considered separately on merit.

4. The environmental clearance is being issued without prejudice to the action initiated under EP Act or any court case pending in the court of law and it does not mean that project proponent has not violated any environmental laws in the past and whatever decision under EP Act or of the Hon'ble court will be binding on the project proponent. Hence this clearance does not give immunity to the project proponent in the case filed against him, if any or action initiated under EP Act.

5. This Environment Clearance is issued purely from an environment point of view without prejudice to any court cases and all other applicable permissions/ NOCs shall be obtained before starting proposed work at site.

6. In case of submission of false document and non-compliance of stipulated conditions, Authority/ Environment Department will revoke or suspend the Environment clearance without any intimation and initiate appropriate legal action under Environmental Protection Act, 1986.

7. Validity of Environment Clearance: The environmental clearance accorded shall be valid as per EIA Notification, 2006, amended from time to time.

8. The above stipulations would be enforced among others under the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and rules there under, Hazardous Wastes (Management and Handling) Rules, 1989 and its amendments, the public Liability Insurance Act, 1991 and its amendments.

9. Any appeal against this Environment clearance shall lie with the National Green Tribunal (Western Zone Bench, Pune), New Administrative Building, 1st Floor, D-Wing, Opposite Council Hall, Pune, if preferred, within 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

EV Battery Swapping Stations of Hatu al gas inggered by Russia

NEW DELHI Convergence Energy Services (CESL) has selected agencies to set up 124 battery swapping stations and 352 standing chargers for electric two and three-wheelers. The selected agencies will also set up 1.294 standing DC fast chargers for electric four-wheelers, CESL said in a statement on Tuesday. "The business will be delivered under a build, own, and operate (BOO) model valid for eight years, with charging stations installed across Ahmedabad, Bengaluru, Chennai, Delhi, Kolkata, Mumbai, Pune and Surat," the firm said without sharing any further information. CESL CEO Mahua Acharya said adequate charging infrastructure is a necessity for scale-up of electric mobility.

Rise in Tea Prices to Offset Wage Rate Hike: ICRA

MUMBAI An increase in tea prices following global supply issues is likely to offset the impact of increased wage rates in West Bengal and Assam, asper a report. The increase in wage rates in the current calendar year in North India, Assam and West Bengal, in the current fiscal is expected to be nullified by healthy realisations of teas, ICRA said in a report. In FY22, softening of realisation and rise in wage rates led to a fall in the operating margin (OPM) of players, it noted.

NGT Asks **Noida Builder** to Pay ₹15 cr

New Delhi: The National Green Tribunal has directed a builder in Noida to pay a compensation of ₹15 crore for building extra floors in violation of the environmental clearance (EC) conditions, saying it placed an extra pollution load on the environment. The green panel was hearing a petition against the violation of EC conditions by Express Builders and Promoters in constructing 'Express Zenith' at Sector 77 in Noida. A bench headed by NGT chairperson justice AK Goel said it was established while EC was granted for ground plus 18 floors, the builder had constructed ground plus 19 floors in fivetowers.

struction of extra floors placed an extra pollution load on the environment and the builder was accountable to pay deterrent compensation on the 'Pol-

"Having regard to the situation that the 19th Floors in five towers have been sold and occupied and the demolition will affect third party rights, we consider it appropriate to levy compensation with deterant plement " the hone

or natural gas triggered by Russia-Ukraine war, disruption in global supplies and its impact on cost of regasified liquefied natural gas (RLNG) sourced from the international market has multiplied the cost of gas sourcing for CGD entities, forcing them to increase compressed natural gas (CNG) and domestic piped natural gas (PNG) prices. The current price increase has followed a 110% increase already applicable for the first half. The administered pricing mechanism gas is supplied largely to CNG and domestic PNG consumers, who contribute 50% and 10% of city gas volume, respectively.

The price for the balance 40% of city gas volume - supplied to industries - has also surged and remains elevated amid the protracted Russia-Ukraine conflict.

Over the past 12 months, the average price of LNG contracts, benchmarked against crude oil prices, rose 45% to \$14.5-15.0 per mmbtu, while spot LNG prices have surged hy margins will drive an improve-150% to \$38-40 per mmbtu. "Elevated gas prices are expected to reducedemand for industrial PNG by 10-12% this fiscal, as price-sensitive as of March 31, 2022, will support the industrial consumers switch to alternative fuels such as propane and its network, especially in the newer fuel oil," said Naveen Vaidyanat- geographic areas.

to counter, city gas distributors have been taking successive price hikes since April 2021 to manage their cost pressures. CNG prices have increased by a massive 75% as pri-

ces of competing crude oil-linked petroland diesel have also increased.

"This may change," said Joanne Gonsalves, team leader, Cri-City gas sil Ratings. "City gas discoms have players may now face been taking margin headwinds successive price hikes as they balance bet since April '21 ween protectingmar to manage gins and driving vocost pressures lume growth. While we expect margins to

fall from the levels of ₹8.82 per scm seen in first quarter of this fiscal. for the full year, these may still be healthy at ₹8 per scm - almost flat onyear and 12% higher than the last five-year average.

Decent volume growth and healtment in cash accruals this fiscal This, along with robust balance sheets and low sector gearing of 0.1x industry's plans to further expand

85% of oil and half of the gas it consumes

Platinum **Import Duty** Increased to 15.4%

Our Bureau port duty on Platinum to 15.4%. bringing it closer to gold.

भारतीय संघाला दक्षिण आफ्रिकेविरुद्ध टी-२० क्रिकेट मालिकेत निर्भेळ यश मिळवता आले नाही. मालिकेतील अखेरच्या तिसऱ्या टी-२०मध्ये रायली रोस्सोच्या तडाखेबंद शतकाच्या जोरावर पाहुण्या दक्षिण आफ्रिकेने भारतीय संघावर ४९ धावांनी विजय नोंदवला आणि मालिकेचा शेवट गोड केला. भारताने पहिले दोन्ही सामने जिंकून मालिकाविजय निश्चित केला होता.

होळकर स्टेडियममध्ये हा सामना झाला. भारतीय संघाने मायदेशात दक्षिण आफ्रिकेविरुद्ध दी-२० मालिका जिंकली नव्हती. या वेळी मात्र भारताने मालिका जिंकली आणि त्यापाठोपाठ भारतीय संघ मालिकेत निर्भेळ यश अर्थात ३-० असा विजय मिळवणार का, याबाबत उत्सकता होती. मात्र, रायली रोस्सो तडाख्याने त्यावर पाणी फेरले. त्याच्या शतकाच्या जोरावर दक्षिण आफ्रिकेने भारतासमोर २२८ धावांचे लक्ष्य ठेवले. लक्ष्याचा पाठलाग करताना भारताची सुरुवात

भारताच्या विजयात जेमिमा, दीप्तीची चमक

सलग तिसऱ्या विजयासह महिला संघ अव्वल

वृत्तसंस्था, सिल्हेट

जेमिमा रॉड्रिंग्जने पुन्हा एकदा गोलंदाजांना कोणतीही दयामाया दाखवली नाही. तिला दीप्ती शर्माची छान साथ लाभली, त्यामुळे भारतीय महिला संघाने आशिया टी-२० क्रिकेट स्पर्धेत संयुक्त अरब अमिराती संघाचा १०४ धावांनी सहज पराभव केला. या विजयामुळे भारताने गुणतक्त्यात अव्वल क्रमांक मिळवताना पाकिस्तानला मागे टाकले

तडाखा दिला, तर दीप्तीने ४९ चेंडूंत ६४ धावांची खेळी केली. या दोघींनी ८१ चेंडंत १२८ धावांची भागीदारी रचली. पाच षटकांत भारताचीचा ३ बाद २० अशी अवस्था झाली होती. त्यानंतर जेमिमा-दीप्तीने प्रतिहल्ला केला. त्यामळे भारताने ५ बाद १७८ अशी धावसंख्या हेमलता दयालन १-८).

उभारली. भारतीय वंशाच्या खेळाडंचा भरणा असलेल्या अमिराती संघास पूर्ण २० षटके फलंदाजी केल्याचेच समाधान लाभले. पण. त्यांना ४ बाद ७४ एवढीच मजल मारता आली.

तत्पूर्वी, स्मृती मानधना, एस. मेघना अ आणि शेफाली वर्मा झंटपट परतल्य; पण जेमिमा आणि दीप्तीने सुरुवातीस डावास स्थैर्य दिले. त्यांनी बाराव्या षटकांपासून धावगतीस चांगलाच वेग दिला. जेमिमाने ११ चौकार मारले, तर दीप्तीने पाच चौकार आणि दोन षटकार मारले. जेमिमाने जास्त फटके कव्हर क्षेत्रात मारले. या दोघींना रोखण्यासाठी अमिरातीने आठ गोलंदाजांचा वापर केला; पण तरीही भारतीयांनी अखेरच्या सहा षटकांत ७२ धावांचा पाऊस पाडला

संक्षिप्त धावफलक : भारत - २० जेमिमाने ४५ चेंडूंत ७५ धावांचा षटकांत ५ बाद १७८ (जेमिमा रॉड्रिग्ज ७५, दीप्ती शर्मा ६४, पुजा वस्त्रार १३, सुरक्षा कोटे १-१४, ईशा ओझा १-२७, महिका गौर १-२७) वि. वि. संयक्त अरब अमिराती - २० षटकांत ४ बाद ७४ (कविशा एगोडगे नाबाद ३०, खुशी शर्मा २९. राजेश्वरी गायकवाड २-२०.

मलांग (इंडोनेशिया) स्टेडियमवरील दरवाजे खूपच लहान आहेत. या प्रवेशद्वारातून एका वेळी गर्दीच्यावेळी सहज जाणे-येणे होत नसल्यामुळे चेंगराचेंगरीचा धोका जास्त आहे. असा अहवाल इंडोनेशियातील पोलिसांनी सरकारला दिला आहे. शनिवारी झालेल्या दर्घटनेत १२५ लोकांचे निधन झाले होते.

 पोलिस काय म्हणतात... 🔳 द्र्घटना झालेल्या स्टेडियमवरील कारवाईस सुरुवात
